7. To receive reports from District and County Councillors

Chris Brown reported:

- A full council meeting was held 3 weeks ago; planning enforcement has been an issue and the performance of this. In the council's budget there was some funding set aside for a planning enforcement officer and to set up an oversight board.
- With the new government policies are changing. There is a need to deliver more housing. The process for this hasn't been worked out yet. No particular time scales.
- Increase in demand for temporary accommodation. The council has additional funding from government along with borrowed money themselves and are now in the process of purchasing additional properties.
- Chris has money left in his Member Ward Fund. We will put in a request for 2 picnic tables for the playing field. The cost of one table is £120.00.

8. To discuss any correspondence received - None

10. Village Items

Millennium Garden Update

After investigation we have found it will be cheaper to buy a shed. Cost approx. £100 for base and £500 for shed. All were happy with this.

Going to park gazebo for now will need to do more fund raising.

Petanque court – Cllr Croucher will check the progress of this with Cllr Thompson.

Finalising of Village Questionnaire

Still waiting for comments back from village hall committee. They will discuss at next meeting.

Lorries travelling through village

It has been noted that there seem to be a lot more lorries travelling through the village. Cllr Croucher has spoken with Sarah Taylor our new Police and Crime Commissioner. Mrs Taylor is the national lead for PCCs on road safety and her intention is to include a review of all speed limits in rural areas in the Police and Crime Plan 2025/29 as there have been no reviews in the last 20+ years.

Update from Highways on village concerns

Gary Overland has been to look at the school and has advised that they would not install double yellow lines here as it would not be appropriate to do so. School Keep Clear markings are already installed along with h bar markings. They could install another length of h bar markings but he does not think that would achieve much. He informs that none of the markings are enforceable, they are advisory only. The clerk will let the school know.

The double yellow lines at Dove Hill also came up many years ago and he is unable to find any record of a TRO for this location, which is why there are no double yellow lines there now. There is no budget to instigate a new TRO which would cost £6000/£8000 and as the Dove would almost certainly object, there is probably little chance that this could be progressed. The sign fixed to the wall of the Dove is not an official sign.

The Give Way sign has been programmed to be repaired.

Works have been programmed to jet and clear all Highways drainage apparatus outside property Dove Meadows.
